- ◇ Baseline & On-going Assessment for SEL-Supportive Features
- ◇ Data-driven SEL Team Action Planning & Goal-setting
- ◇ Tier 1 SEL Implementation practices
- ◇ Establishing Predictable SEL-supportive Routines
- ◇ Every day infusion of SEL and Executive Skills: teaching and support
- ◇ Universal Screening
- ◇ Targeted SEL Skill-boosting
- ◇ Fidelity & Impact Assessment
- ◇ SEL in the home (home/family-based SEL practices)
- ◇ Short-Term and Long-Term Action Planning

Consultation is provided directly to school districts and designed to support the students, staff, school teams, districts and family-school collaboration.

Specialty Areas

Our multi-disciplinary team has expertise in educational program design, multi-tiered systems-based consultation, implementation science, SEL-supportive practices, evaluation and assessment, staff professional development, and family collaboration practices.

Systems Consultation

The SEEDS Team reviews systems and cultural qualities for each school or program. Systems consultation will typically include:

- ◇ Utilizing a Multi-Tiered Systems (MTSS) Framework
- ◇ Establishing an SEL-based philosophy for Understanding Behavior
- ◇ Embedding SEL-connected Language & Values
- ◇ Promoting Positive Culture, Climate and Connections
- ◇ Supporting Adult & Student Regulation in Transitions

SEL Foundations

SEL-Supportive environments value Positive Climate, Culture, and Connections and utilize practices that encourage Well-Regulated Mind (thoughts) Mood (feelings) and Body (actions) in staff and students

Flexible SEL Consultation To Meet Your School or Program Needs.
